6. OTHER EXPERIENCE:

APA Experience:

Operations & Analysis Committee, Deputy Chairman 1991-present

Economic & Financial Analysis Committee, Chairman

Created TASC Mobile Sabre - Redesigned the Association's "pipe" into Sabre, coordinated an agreement with the company and developed a simple, clean user-friendly mobile replacement.

Created APA's Scheduling and Operational Analysis site - PBS Award Report, New 3XP, Scheduled Pairings Finder/Sorter... and many other systems in use throughout the Association.

Created APAs real-time Logbook - A printable, filterable, exportable logbook which also feeds most commercial on-line per-diem and tax calculators.

Created APAs connection to Sabre - since 1991 this system downloads, parses and archives all Sabre historical data used to feed all APA analysis applications.

Created APAs Onerous Trips system for the Scheduling Committee – published monthly to all bases, an application developed to identify trip sequences that will likely cause fatigue.

Created APAs LOS Award, Distribution & Dispute sites - Calculated every lump sum payment under Letter of Agreement 18-001 - Length of service credit for furloughed pilots. \$8.2 million payed under the agreement.

Created APAs Equity Award, Distribution & Dispute web sites - savings to APA members estimated in the millions of dollars by Equity Distribution Chairman.

Created Rapid Re-Accrual Analysis for the Negotiating Committee – used to dispute company's re-accrual inaccuracies.

Developed APAs National survey system – the site which drives all APA national surveys.
